

GNA-65: EG Titanium Goose Neck Mount Adapter

The GNA-65 Goose Neck Mount Adapter allows an EntraGuard Titanium to be attached to a Goose Neck mount. There is a hole in the back of the adapter to allow for routing of the cables. Four screws and washers are provided for mounting the Titanium controller to the adapter. Four holes (along with 4 screws and washers) are provided for mounting the adapter to the Goose Neck mount.

1.0 Dimensions

- 12 1/4 inches High x 5 3/4 inches Wide x 1 1/8 inches Deep
- (31 cm High x 15 cm Wide x 3 cm Deep)

2.0 Goose Neck Mounting

Using the four screws provided, attach the Goose Neck Adapter to the Goose Neck mount.

3.0 Cabling Knockouts

A hole is provided on the back of the adapter. Run the cabling through the center hole and into one of the two knockouts located on the back of the EntraGuard Titanium unit.

NOTE: Enough spacing is provided between the Titanium Adapter and the Titanium unit to allow for the cables.

4.0 Controller Mounting

Using the four screws and washers provided, attach the Titanium controller box to the Goose Neck Adapter. The mounting posts are located in the four corners of the adapter and match up to four holes in the Titanium box.
