Keri Systems Appoints Adrian Gonzalez Western Regional Sales Manager

San Jose, California, 31 May 2004 – Keri Systems, Inc. announces the appointment of Adrian Gonzalez as Western Regional Sales Manager. In this capacity, Adrian will be responsible for field sales activities in the western U.S. and western Canada, including support of Keri's distributors and installers in the region as well as managing the team of Manufacturers' Reps who cover the area.

Adrian has 10 years of experience in access control and security systems sales, on both a manufacturers level as well as a dealer level. He served as an Inside Sales Representative for Keri Systems, as well as held field sales positions for several San Francisco Bay Area firms, including Bay Alarm, Northland Controls, Protection Plus and NetVersant.

ABOUT KERI SYSTEMS

Keri Systems is a leading provider of integrated card access control, telephone entry, and video badging systems. Located in the heart of California's famed Silicon Valley, the company continues to enhance its leadership in controller and proximity technology by offering a suite of products and services for customers requiring more than just basic access control hardware and software.
